*Hi, my name is Emily; I contacted the Yellow Ribbon Program in March of 2000, when I was actively suicidal and in a crisis. I really didn't think I would live to see my 21st birthday. I am doing well now; living my life and finishing a degree in Early Childhood Education! The Yellow Ribbon Program Saved My Life and now I can use my life to help young children have a better life.*

*Please help this wonderful organization - you CAN make a difference in someone's life! Age 29, CO*
